EDUCATION

University of Southern Mississippi

Hattiesburg, MS

Bachelor of Science in Computer and Information Science

May 2029

- GPA: 4.0 | President's List | Honors College
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Design, Computational Data Analysis, Software Development

TECHNICAL SKILLS

Languages: Python, C/C++, SQL, HTML, CSS

Tools & Technologies: Git/GitHub, VS Code, Streamlit, Pandas, Plotly, REST APIs, Microsoft Excel

Concepts: Data Structures & Algorithms, Object-Oriented Design, Agile Development, Software Development & Testing

AI/Development: Generative AI Tools, Prompt Engineering, AI-Assisted Development Workflows

Strengths: Collaboration, Communication, Adaptability, Analytical Thinking, Technical Problem-Solving

PROJECTS

RentSearch – Live Rental Search Platform | *Python, Streamlit, REST API, Git* | [Live Demo](#)

- Built and deployed a full-stack rental search web application integrating the Zillow API via RapidAPI, enabling real-time property search across the US by city, ZIP code, and neighborhood.
- Implemented dynamic filtering by rent range, bedrooms, pet policy, home type, move-in date, and radius with live KPI metrics computed from API response data.
- Designed a responsive card-based UI with property photos and Zillow estimate comparisons; deployed to Streamlit Cloud with automated CI via GitHub.

PennyBloom – Personal Finance Tracker | *Python, Streamlit, Pandas, Plotly, fpdf2* | [Live Demo](#)

- Built a financial analysis web application with transaction categorization, spending trend detection, monthly predictions, and real-time budget alerts.
- Generated structured PDF reports and interactive visualizations to support data-driven decision-making; iterated on features through testing and debugging cycles.

Who Wants to Be a Millionaire? – Interactive Quiz App | *Python*

- Engineered an interactive Python application using modular design, structured control flow, and reusable data structures; validated logic through testing and debugging.

LEADERSHIP & EXPERIENCE

Vice President

April 2026 – Present

Bangladesh Student Association, USM

Hattiesburg, MS

- Lead a team of **5** officers to coordinate community initiatives, cross-organizational partnerships, and member engagement programming.

Secretary

April 2026 – Present

The Nations, USM

Hattiesburg, MS

- Coordinate logistics and communication for events serving **100+** attendees across multiple student organizations.

Vice President of Projects

Jan 2024 – June 2025

Viqarunnisa Noon Science Club

- Directed **13+** volunteers in organizing a national science festival featuring **450+** projects and **700+** attendees; managed timelines and cross-team coordination.

Founder & CEO

Sept 2023 – Nov 2024

TroKiosk (E-Commerce Platform)

- Built and operated an e-commerce platform with **25+** products; analyzed sales and customer data to drive data-informed pricing and operational decisions.
